Today's Market Reports

LIGHT TRADING IN WALL STREET

[By Teased Wire to Evening Herald.]
New York, March 3.—Trading during the morning was on almost as small a basis as yesterday. The market still felt the effects of the storm, particularly in the curtailment of outside business owing to the continued interruption of wire communication. There was no large quantity of stocks pressing for sale although the early movement was downward, the small decline was followed by a recovery. By noon prices were restored to about a level with yesterday's close. London selling was largely responsible for the early recessions. Bonds were steady.

The market closed steady. Realizing sales showed that the list was vulnerable but bearish operations were not aggressively conducted and recessions were small. Buying for the short account stopped the decline in New Haven.

Prices of stocks advanced after mid-day with a keen demand for certain specialties. Texas company improved 1 3/4. New Haven was offered down to \$5 3/4. Its decline checked the general trend upward. New Haven made a new low record at \$5 1/2 and the whole list went off slightly. Canadian Pacific continued under the spell of foreign selling and lost 1 3/4 in all.

Closing prices on the more important stocks were:
Amalgamated, 72 3/4.
Stearns, 103 1/4 bid.
Atchafalpa, 95 7/8.
Reading, 185.
Southern Pacific, 92 7/8.
Union Pacific, 158 5/8.
Steel, 64 3/8.
Steel, preferred, 110 1/8.

CHICAGO GRAIN AND PROVISION MARKET
Chicago, March 3.—Wheat prices hardened today in sympathy with an upturn at Liverpool and because of continued reports of crop damage west and southwest of here. Complaints of winter killing came chiefly from Missouri, Nebraska and Kansas. However, the injury has not been important, and the crop as a whole is entering spring with the best promise in many years. Quotations started a shade to 1-5/8 to 1-1/2 up, and made a slight further gain, but then began to react.

Activity by bulls lifted corn. The advance, though, brought out much commission selling on resting orders. The opening figures, which varied from 1-5/8 lower to a sixteenth, were followed by a moderate rise all around.

Corn, like other grains, went higher. The principal buying was for the leading bull interest in corn. Strength in the hog market carried provisions up. First sales were 2 1/2 to 1 1/2 above last night, and there was a subsequent further ascent.

Wheat—May, 92 3/4; July, 88 5/8. Corn—May, 67 1/4; July, 65 5/8. Cattle—May, 40 1/2; July, 40 1/4. Hogs—May, 22 1/2; July, 22 1/4. Lard—May, 19 5/8; July, 19 1/2. Butter—May, 11 1/2; July, 11 1/2.

TWITCHELL SAYS ARIZONA IS BOOMING

Not Ralph E. But Waldo C. Who Takes Rank with His Distinguished Father as a Booster.

"Arizona is going forward in every line of development with a rapidity and upon a scale that may properly be termed booming," said Waldo C. Twitchell of Phoenix this morning. Mr. Twitchell is here on business matters, leaving this evening for a short stay in Las Vegas. As a booster he takes rank with his distinguished father, Colonel Ralph E. Twitchell, and Arizona needs but a few more like him to spread her fame to the four corners of the earth. Mr. Twitchell is a successful mining engineer, is now associated with his uncle, Beecher Twitchell, of Phoenix, in the development of several large tracts of agricultural land in the Gila river country, which he says are progressing nicely.

"The Salt River valley," said Mr. Twitchell, "is growing faster than any other agricultural section of the United States. Its water supply is abundant, its climate perfect, and its results in nearly every crop grown on earth are certain. Phoenix, largely as a result of the prosperity of the valley, is growing rapidly and is undoubtedly the best city in the whole southwest. The whole state, in fact, is going ahead in splendid fashion. Mining is booming. All of the great mines are working three shifts, and there is much new development. The season has been a good one on the range and both sheep and cattlemen have a fine outlook."

JUDGE POPE HERE TO HOLD COURT ON MARCH 9

Short Session of Federal Court to be Held in Albuquerque Next Week—Brief on Exemption Law.

MANY FAIL TO MAKE INCOME TAX RETURNS

[Special Dispatch to Evening Herald.]
Santa Fe, N. M., March 3.—Notice was given here yesterday that Judge W. H. Pope will open a session of federal court in the federal building in Albuquerque Monday, March 9. A number of cases are to come before the court which will be in session for four or five days. Judge Pope has been holding court in Las Cruces for the past week.

BRIEF FILED IN TEST OF EXEMPTION LAW
Attorney General Frank W. Clancy has filed in the supreme court a brief in the case of Jose Maria Samos, vs. Celso Lopez, the tax exemption case recently brought in this county to test the legality of the \$200 exemption for heads of families. The brief was written by Assistant Attorney General L. G. Grimshaw.

Mr. Grimshaw states that the curious discovery has been made that in the county of Mora, for instance, where there are 2,249 taxpayers there are 1,446 who pay on a total cash assessed valuation of \$609 or less. He added: "One hundred and ninety-nine persons claim their exemption from taxation in that county. And we consider this a representative county of the state."

Mr. Grimshaw contends that to release three-fifths of the taxpayers of a county from paying any taxes at all by the construction of the lower court's view of the meaning of the law with regard to the \$200 exemption clause would be unjust and absurd.

MANY LATE WITH THE INCOME TAX RETURN
According to Internal Revenue Collector Carpenter there are a great many people in New Mexico who have failed to obey the income tax law by making their income returns by March 1st. The collector's office was a very busy place yesterday afternoon and last night, and while the collector declines to give out the number of returns received, he did not hesitate to say that he believed a large number of New Mexico citizens who have incomes of \$4,000 or more had failed to "come across."

Judge Carpenter left today for Washington for a consultation at headquarters. While there he will take up the matter of offices for the Internal Revenue department for New Mexico and Arizona at Phoenix, which has not yet been definitely settled. The offices will be located at Santa Fe probably for several weeks to come.

New Receiver Takes Charge.
Juan N. Vigil of Tucson today took charge of the office of collector of public moneys in the United States land office here, succeeding Benigno C. Hernandez, Republican. Mr. Hernandez will return to his home in Tierra Amarilla, Rio Arriba county, to make his home.

The state corporation commission issued certificates of authority to the International Life Insurance company of Salt Lake and to the Kansas Casualty and Insurance company of Wichita, Kan., allowing them to do business in New Mexico.

Charles L. Bishop, a pioneer citizen of Santa Fe, father of Carl Bishop, the well known insurance man, was stricken with cerebral hemorrhage yesterday at his home in this city and his recovery is doubtful. This is the third stroke he has suffered.

Gallardo Joins the "Drys."
The village of Gallardo, one of the mountain towns of Santa Fe county, has voted to exclude saloons. The vote was 46 to 15 at a local option election. This election, it is said among prohibition advocates here, will serve to encourage other precincts to hold elections and they believe the entire county will go "dry" with the possible exception of the capital city.

San Marcel Bank to Open.
Stockholders of the San Marcel bank, closed recently by the state bank examiner, have determined to reopen the bank, according to information received here by Traveling Auditor Ernest. The president, Frank Johnson, is understood to have furnished all necessary capital to make the bank a thoroughly solid institution.
